Dear Prof. Lederberg:

Enclosed please find a manuscript which I submitted to Science today. As you will see, I find myself in disagreement with you on several points. However, I want to make sure that my criticisms are fair and justified. If my paper should contain any misrepresentations or errors, I should be grateful to you for bringing them to my attention.

I shall look forward to hearing from you.

Yours very sincerely,

Edward Anders
Associate Professor
of Chemistry
